Due to the difficulty releasing these emotions, the soul becomes entangled in their trauma. Joseph and Judie will share various techniques they have used during their cemetery work to help souls progress that anyone can utilize.

Judie and Joseph Palmer are spiritual workers and co-owners of Natural Healings in Martinez, CA. They began their Alhambra Pioneer Cemetery field work in 2013 and have published multiple discoveries under their “Underground Echoes” column. In 2019, they cofounded the Martinez Cemetery Preservation Alliance to aid in preserving, restoring, and maintaining this diverse historic cemetery.
